Cry, Cry
Destiny will make You shine
But now You must say yes
For everything
Angel Cry
Smile, smile
I wanna see it on Your face
And go to heaven with You
Angel smile
Come, come
Together dance on the clouds
You know, I hope You can dance
On the clouds
In these simple sentences
I wanna hide my love
For people and angels
I wanna it cry
Cry
Cry, cry
Destiny has made now You shine
And You have say yes
For everything
Angel Cry
