

# Dominik Dudek (Redford), Be good (piosenka na

What if I never tried to be a bit crazy in my time?  
'Cause everything I have done cannot matter if there is no life  
Everyone looks at me when I make mistakes that really hurt  
But everytime, no matter what I do, I want to be good

Everybody has somebody, I have myself  
When did they happen to disappear?  
I'm not waiting for another 'maybe'  
You can say it's wrong but I'm not crazy  
All I want is to be good

What if there is no time for someone who has lost everything?  
When it shows the other side  
Then we can only watch  
Certain things will never change and we cannot explain them  
But everytime, no matter what I do, I want to be good

Everybody has somebody, I have myself  
When did they happen to disappear?  
I'm not waiting for another 'maybe'  
You can say it's wrong but I'm not crazy  
All I want is to be good
