

Don Gibson, Bad Bad Day

It's been a bad bad day for me it's been a sad sad day for me
My baby left on her way now I'm left here to pay it's been a bad bad day for me
It's been a dark dark day for me the sun won't shine on my blue misery
Tears are falling like rain only sorrow remains it's been a sad sad day for me
Everywhere I go trouble greets me sorrow seems to know just where to meet me
Why why this old day deceive me wish my love please come back and free me
It's been a bad bad day for me there's nothing left but an old used to be
And it sure does get old being left in the cold it's been a bad bad day for me
[guitar]
Everywhere I go trouble greets me...
