

# Don't Drown Amsterdam, Distrust

Verse #1:

Maybe when our soliders drown  
In the rivers of tears they've reluctantly found,  
That we will wake up to this place that hate has built just for us.  
(That's why I have distrust)  
My short life has taken it's toll,  
Our disguised leader is really just a troll  
And generations of humans will suffer for the unjust.  
(That's why I have distrust)

Chorus:

If I ask why(This world)  
Is ruined, I'm(assured)  
That I am fine  
(That word)It hurt's  
Why are soliders(dying)  
And their children(crying)  
If I'm fine, why  
(Does it) Hurt to breath

Verse #2:

All leaders now are so corrupt  
And corporations monopolizing are f\*\*ked up,  
And pacifists become masochists with their wrists cut  
(That's why I have distrust)  
I've learned it's better just to die,  
Then live with the fact that i'm living a lie  
But to end pain, unite is one thing that we must  
(That's why I have distrust)
