

Don't Drown Amsterdam, Rawk Hard, Rawk Proud

Refrain:

Now this is a song for the rockers, who rock harder, and they take their rock music farther...

Verse #1:

You can't step up to me
I got the power of rock, hiding up my sleeve.
We arn't rabbits, we're just habits
And habits are hard to break.
We don't care if you hate us
Or if you think we're over rated, don't pay us
We could care less about the industry
Because the jerks are pulling teeth (ROCK!)

Chorus:

NOW THIS IS A SONG FOR THE
(Rockers, who rock harder)AND THEY TAKE THEIR ROCK MUSIC FARTHER!
THEY DON'T KNOW WHEN TO QUIT!
And for the bloody pit's, they will not give in.
All this time, you thought you could contain us
All this time, (you thought the battle was done)
But in time, you'll have to see things our way
Rock music, will never die.

Verse #2:

The titles up for grabs
If you think you're ready for it, kid, we'll be taking that.
Because you can't beat the poweer we got
(All of us, just need, the power of rock!)
Raw talent brought straight from the bone
And with the lyrics of cynics
Fanatics will get it
And f**kers forget it!
(HA!)
Once again we got you fooled
You thought you could end it in one clean swoop.
But you can't stop the mosh pit
Look at the people who are raising their fists!

Repeat Chorus

Refrain:

IN TIME, you'll come to terms with us
IN TIME, you'll understand...
That metal, grunge, pop-punk, industrial, rap-rock, hardcore, gothic, electric, nu-wave, street punk,
Is what we got

End x2:

All this time you though you could contain us (This is a song for the rockers)
All this time you though the battle was done (This is a song for the rockers)
But in time, you'll have to see things our way (This is a song for the rockers)
Rock music, will never die (This is a song for the rockers)
