

# Don't Look Down, Fade

Just another day  
Far away from being myself  
Can't explain my situation  
But I think I'm someone else  
Sick of all your stories  
The lying has affected me  
When I look in the mirror  
Nothing looks back at me

Just another day goes by  
That you look the other way  
Just another day goes by  
That I see you fade away

Just another day and  
I don't know what to do  
Let me sit here by myself  
Thinkin how to make it through  
Just the same old story  
I get left behind  
These thoughts run through my head  
Will they never die

Just another day goes by  
That you look the other way  
Just another day goes by  
That I see you fade away

Just another day  
That I'm getting over you  
The wall you built up lies  
I finally see through  
This is your last story  
The last one you tell me  
And when I look at the mirror  
I stare back at me

Just another day goes by  
That you look the other way  
Just another day goes by  
That I see you fade away

Just another day goes by  
That you look the other way  
Just another day goes by  
That I see you fade away
