

# Don't Look Down, Said And Done

Where are you now?  
The choices that you made  
The prices that you've paid  
Was it all worth it in the end?  
When all is said and all is done  
Where will you run to now?  
The glory days are over  
Your words are hollow  
The vision you once had disappeared  
So follow along to the path you have chosen for yourself  
No one will listen to you now  
Your time has run out  
Everything I ever wanted you to know  
I can just sit back and tell you now  
Over the years we were so close, but you are dead to me now  
You are dead to me  
Over the years your time has run out  
Over the years you've become dead to me  
Everything I ever wanted you to know  
I can just sit back and tell you now  
The words sat at the tip of my tongue for all this time  
I've never had the strength to push them out  
Now the day has come where I won't be afraid  
Because I've been that way for far too long.
