

Don Williams, How Did You Do It?

(Dave Hanner/Bob Corbin)

You don't seem to be doing all that bad
In fact you look good
You don't seem to be feeling all that sad
Like I thought maybe you would.

Chorus:
How, how did you do it?
How did you let it go?
How, how did you do it?
I need to know.

Now you've got friends to help you when you're sad
There's even someone you've been seeing
Now, I know there's nothing wrong with that
In fact it's a good thing.

Chorus:
How, how did you do it?
How did you let it go?
How, how did you do it?
I need to know.

One last question before you go
If you're really over you and me
How did you get there, I need to know
'Cause that's where I'd like to be.

Chorus:
How, how did you do it?
How did you let it go?
How, how did you do it?
I need to know.

Chorus:
How, how did you do it?
How did you let it go?
How, how did you do it?
I need to know...
