

# Don Williams, How Much Time Does It Take

How much time does it take to get it right  
How much time does it take to get along  
Well you worry me about it day and night  
How much time does it take to get it right  
I've heard that life is like a song  
when you find a friend well the world just sings along  
But something's wrong with you and me  
Cause you wont sing the song and I can't let it be  
How much time does it take to get it right  
How much time does it take to get along  
Well you worry me about it day and night  
How much time does it take to get it right  
We've learned the words, we knew what to say  
What about the feeling that got lost along the way  
You tried the waltz, 2 step gets you down  
And I just get the feeling like sitting out a round  
How much time does it take to get it right  
How much time does it take to get along  
Well you worry me about it day and night  
How much time does it take to get it right
