

# Don Williams, I Can Make It With You

I CAN MAKE IT WITH YOU  
WITH THE POZO-SECO SINGERS  
WRITER CHIP TAYLOR

When the world was on my shoulders  
And all hope for tomorrow was gone  
You took my hand and baby you made me see  
There's a future for me  
And I can make it with you, baby  
I can make it with you  
I can make it with you by my side  
And when life had lost it's meaning  
When my dreams had been shattered by time  
You touched my hand and baby  
You made me see  
There's a future for me  
Remember when I was down  
Was lost but now I've been found  
And I can make it with you, baby  
I can make it with you
