

# Don Williams, Only Love

You may live alone and close your eyes, some folks do  
You may dream a dream that's twice your size, all night through  
When the morning comes who's to tell your dreams to, only you  
Only love, love only, only love, will do  
Only love, love only, only love comes true  
Nothing else you see, there's nothing else, only love, only love  
I have known a love within my heart, one for you  
When this love began right from the start, I never knew  
If love should come your way you'd ever say, I love you, I love you  
Only love, love only, only love, will do  
Only love, love only, only love, comes true  
Nothing else you see, there's nothing else, only love, only love
