

Don Williams, Only Love

You may live alone and close your eyes, some folks do
You may dream a dream that's twice your size, all night through
When the morning comes who's to tell your dreams to, only you
Only love, love only, only love, will do
Only love, love only, only love comes true
Nothing else you see, there's nothing else, only love, only love
I have known a love within my heart, one for you
When this love began right from the start, I never knew
If love should come your way you'd ever say, I love you, I love you
Only love, love only, only love, will do
Only love, love only, only love, comes true
Nothing else you see, there's nothing else, only love, only love
