

# Don Williams, Smooth Talking Baby

(Writers: Red Lane, Dave Kirby)

Smooth talkin' baby  
I've been looking for you all my life it seems  
Smooth talkin' baby  
Maybe you're the meaning of my dreams.

I've waited for so long for you to come alone  
I thought that time would never fly  
Do what you want to do, say what you're wantin' to  
I hear you talkin' with your eyes.

Smooth talkin' baby  
I've been looking for you all my life it seems  
Smooth talkin' baby  
Maybe you're the meaning of my dreams.

--- Instrumental ---

You knew right where I'd be, you came to comfort me  
I'm glad you heard my lonely cry  
So dance me to the door, so we can do much more  
Than just talkin' with our eyes.

Smooth talkin' baby  
I've been looking for you all my life it seems  
Smooth talkin' baby  
Maybe you're the meaning of my dreams...
