

# Donell Jones, In The Hood (Playas Version)

(Chorus)

This is for my playas in the hood  
Up to no good, let's kick it like we really should  
It's just an ordinary day

(Verse 1)

As I step on the scene, yo I'm steady maxin'  
And I call up my boys 'cause I'm looking for some action  
We need to kick it like we used to  
Back in the days when we were known as a crazy crew  
It's good to reminisce on the old days  
When we used to kick it with the G's and the homies  
I would go back, yo if I could  
This is for my people that's still rollin' round in the hood

(Chorus)

(Verse 2)

Heads up on that ride she's a hottie  
All the fellas break wide to summer bunnies  
That's the way that we flex, yeah  
Everyday on the O.G. set  
But keep it smooove  
I'll keep it smooove on the move spit to the hotties  
On a late night move to flex their bodies  
That's the way that we hang  
On a regular doing our own thang

(Chorus)

(Bridge)

This is for the playas in the hood, up to no good  
As we're rolling around , and we're doing our thang  
This is for the playas in the hood, up to no good  
As we're rolling around, and we're doing our thang

(Chorus)
