

Donna Lewis, Love & Affection

Nobody ever could love you
'cos you were never within easy reach
but when I set my eyes on you
I knew that you the one for me
and I was never shy too shy with you baby
I just took my time to get close to you
reached inside to open your heart
face to face
I just can't wait to for you to

(Chorus)
kiss me baby
drown me with your affection
touch me wrap me up in your arms
'cos you really move me
(Repeat)

I've never felt such emotion
never needed to cherish someone
but now I've found you
I think you feel it too
let me show you heaven on earth
and I will always be your guide to perfection
doubt no more you gotta let love take a hold
and let me take your hand
and lead you into my garden of love

(Chorus)
kiss me baby
drown me with your affection
touch me wrap me up in your arms
'cos you really move me

kiss me baby
drown me with your affection
touch me wrap me up in your arms
'cos you really move my soul

how can I retain my self control
don't you know I'm crazy about you baby
so come on and drown me with your love and affection, affection, ooh ooh

(Chorus)
kiss me baby
drown me with your affection
touch me wrap me up in your arms
'cos you really move me
(Repeat)

come a little closer to me now
come a little closer to me baby
come a little closer, closer
(Fade)
