

Donna Summer, I LOVE YOU (Live And More)

Spoken:

From my Once Upon A Time album
a song about two people who fell in love
showing up one day face to face
Well he searched and searched for nights and days
till he found the one he loved
and he wrapped her in his arms again
and then he thanked the stars above
that he found what he'd been looking for
and he stared her in the eyes
He said "I love you"
yes, I really do
Love you, love you, love you, love you
She stared him right back in the eyes
with a look of disbelief
then she gazed off into somewhere else
was it real or just a dream?
and she pulled him oh so close to her
and she whispered in his ear
She said "I love you"
yes, I really do
Love you, love you, love you, love you
love you, love you, love you, love you
So together they will always be
until the stars fall from the sky
They said "I love you"
yes, they really do
they said "I love you"
yes, they do
Yes I do, yes I do, yes I do
So together they will always be
until the stars fall from the sky
so if you find someone you love a lot
you must never let them go
you just hold them tight with all your might
and you say three little words
You say "I love you"
yes, I really do
you say "I love you"
yes I do
you say "I love you"
