

Donnie Iris, Color Me Blue

Color me yellow,
For being afraid
Whoa yeah
Goodbye blue skies,
Color them gray
Whoa.....
Color me green,
Cuz I don't now what to do
Color me red,
Cuz you know I'm a fool
And for lovin' you too much,
Color me blue

Call me Mr. Blue
(Color me blue)
I'll be missin' you
Thinking of you only,
Color me lonely
Color me blue

Now all of our white lies,
Have washed away the past
Our future's not rosy,
Color it black
Our love was like gold,
When it was brand new
You treated it like a pair of old brown shoes
But I'm still in love with you
Color me blue

Call me Mr. Blue
(Color me blue)
I'll be missing you
Thinking of you only,
Color me lonely
Color me blue

I should move on,
Make a fresh start with my life
Find a new love,
Someone who would treat me right
But you know I can't forget you

Call me Mr. Blue
I'll be missing you
Thinking of you only,
Color me lonely

Call me Mr. Blue
I'll be missing you
Thinking of you only,
Color me lonely
(Repeat 7 Times)

King Cool.....
