

# Donnie Iris, Lay With Me

Lay with me  
Please darlin' lay with me (Baby, please)  
Won't you please just stay the night  
You can leave at first light  
But tonight, baby, please  
Lay with me

Stay with me  
Darlin' stay with me (won't you please)  
Until the night goes away  
Won't you please just stay  
Please, baby, please just  
Lay with me

You look good dressed in candlelight  
Dancin' 'cross your thighs  
And I look good dress in blue and grey  
Those are the colors of my reflection  
When I'm drowning in your eyes

So lay with me  
Please darlin' lay with me (Baby, please)  
Won't you please just stay the night  
You can leave at first light  
But tonight, baby, please  
Lay with me

Won't you please just stay the night  
You can leave at first light  
But tonight, baby, please  
Lay with me
