Donots, Room With A Wiew

Come, take a breath Make this moment last

Be here right now This is the place and time Forget the world And leave it all behind

It doesn't take a word And all i need to know is here There's comfort in the silence When you're near

Give me shelter When the day comes Crashing down on me I'll tide you over I will give you Everything(you need)

Let's take a breath It might be our last one Make this moment last Make it the best one

We'll find ourselves Finding something new Feels good to share A Room with a wiew
