

Donovan, Where Is She?

From the album barabajagal

Springtime for me has gone, where is she ?
Waking in the blue dawn, where is she ?
Someday I'll say to her &"I am here.&"
Smiling her words will be &"I am cheer.&"
I know she'll wait for me,
Well, I know she'll wait for me to come to her.
Springtime for me has gone, where is she ?
Waking in the blue dawn, where is she ?
Lazy adorn and adorn she will be
Drowsy sleepy with blue I am here.
I know she'll wait for me,
Well, I know she'll wait for me to come to her.
