

Dontae, So Unhappy

Oh oh oh oh oh oh oh

Oh oh oh oh oh oh oh

Oh

[Verse 1:]

Just woke up in the morning feeling empty

My world has torn apart cause I'm lost without you

Life ain't what it used to be

Uh uh uh

Hurt, I can't even look myself in the mirror

I'm filled with so much grief and it's killing me

Uh uh uh

My soul's dying, I can't breathe

[Hook:]

Aside, don't wanna see you slip?

And getting into space

In lost crowded tears

Missing out on a love that finally brought us together

Girl, I wanna be with you

Cause I can't picture myself without you

Because you're like the air I breathe

My heart belongs to you

[Chorus:]

I would be unhappy

My life would be so unhappy

I would be so unhappy

Cause girl, you're everything to me

I would be unhappy

My life would be so unhappy

I would be so unhappy

Girl, you mean so much to me

[Verse 2:]

This those times when you used to smile at me girl

And I would think about you, so intent

You only wanted love from me

(Oh, love from me)

And they said so many times

I didn't put you first

I didn't treat you like you was worth

I usually count as for weakness

And it promised sickness

It made me so alone

[Hook:]

Aside, don't wanna see you slip?

And getting into space

In lost crowded tears (tears)

Missing out on a love that finally brought us together (together)

Girl, I wanna be with you

(Don't wanna be alone)

Cause I can't picture myself without you

(Without you)

Because you're like the air I breathe (oh)

My heart belongs to you (to you)

[Chorus:]

I would be unhappy

My life would be so unhappy (oh)

I would be so unhappy

Cause girl, you're everything to me (to me to me)

I would be unhappy (hey)

My life would be so unhappy (unhappy)

I would be so unhappy (hey)

Girl, you mean so much to me (hey)

[Bridge:]

Say that it's over girl, forgive me

(For the hurt I caused you)

Please let me make up all my mistakes
(I wanna hold you in my arms)
This moment no not gonna last
(I love you)
This moment no and I promise you
(I promise)
I'm gonna do right the same without it?
[Chorus: x2]
I would be unhappy (oh)
My life would be so unhappy
I would be so unhappy (unhappy girl)
Cause girl, you're everything to me
I would be unhappy (hey)
My life would be so unhappy (no to that)
I would be so unhappy (hey)
Girl, you mean so much to me (hey, so much to me)
I would be unhappy
My life would be so unhappy (so unhappy baby)
I would be so unhappy
Cause girl, you're everything to me
(You mean so much to me)
I would be unhappy (hey)
My life would be so unhappy (so unhappy)
I would be so unhappy (hey)
Girl, you mean so much to me (hey)
My life would be unhappy
My life would be unhappy
My life would be unhappy
If I don't have you
My life would be unhappy
My life would be unhappy
If I don't have you
