

# Doomsday Refreshment Committee, Game Of Pain

Take breath and breathe me in  
Fill your world full of sin  
The lines are crossed and it begins  
Taste of lust on pale white skin  
Feel it burning in your veins  
You love to play this game of pain  
A beast inside that I will tame  
Pleasure and pain drives you insane

You want it  
You need it  
You want it  
Come get it

I love to hear you scream for more  
The sweat pours out on to the floor  
You are my bitch and I'm your whore  
I lick the wounds you so adore  
Breathe me out and breathe me in  
A master in your world of sin  
Strapped down tight / An evil grin  
Black and blue on pale white skin

You want it  
You need it  
You want it  
Come get it

You want it  
You need it  
You want it  
Come get it
