

# Doomsday Refreshment Committee, When You C

You suffocate me  
Like hands around my throat  
Your body on me  
Lets take this nice and slow  
I love to taste you  
Love smeared across my face  
I like to lick you up  
Not one drop will go to waste

I press against you  
I feel your body twitch  
I got the injection  
It's going to cure this itch  
Open invitation  
You want it deep inside  
Your legs around me  
I will eat you alive

Am I all  
That you want  
When you cum  
It is for me

Am I all  
That you want  
When you cum  
It is for me  
Am I all  
That you want  
When you cum  
It is for me
