

# Dope, Nothing (Why)

I dreamt of all that we could be  
And all the things you couldn't see  
I let you walk away from me  
I guess there's nothing left to say  
And it's alright ...

Because you and me, we got nothing.  
And I'm sorry that I ever let you in.  
And I'm not doing this again. (Why?)  
Because you and me, we got nothing. (Why?)  
No.

I felt this grow inside of me  
I didn't think you'd disagree  
Well, it's not the way it should be  
Will you just shut up and listen to me?!  
It's not the way that it should be  
And I'm sorry

But you and me, we got nothing.  
And I'm sorry that I ever let you in.  
And I'm not doing this again. (Why?)  
Because you and me, we got nothing. (Why?)  
Why?

I dreamt of all that we could be.  
And I offered no apology, but I'm sorry!

Because you and me, we got nothing.  
And I'm sorry that I ever let you in.  
And I'm not doing this again. (Why?)  
Because you and me, we got nothing.  
Why?!
