## Doro, Constant Danger

Give my heart to any stranger
Throw my heart out any door
Put my heart in constant danger
I don't want it any more
It just get's me in trouble
It just get's me in love
I fly high and then I stumble
The time has come to give it up

Don't you know I was an angel Don't you know my heart was true The I gave it to some devil And he broke it all in two I don't want it any more

You can learn all my hearts secrets You might see gold and memories Anything you find just keep it It just don't mean a thing to me

Don't you know I was an angel Don't you know my heart was true The I gave it to some devil And he broke it all in two And I don't need it any more

Don't you know I was an angel Don't you know my heart was true The I gave it to some stranger And he broke my heart in two And I don't want it any more
