

# Doro, Do You Like It?

Would you like a woman who's been around the world  
Would you like a woman who is like a little girl  
Would you like a woman who is strong and tough  
Would you like a woman who could never ever get enough

Would you like it on a yacht  
Would you like in on the dock  
Would you like it in a plane  
Would you like it on a train

Do you like it  
Do you like it like that  
Does it make you hot, baby  
Is it givin' you a heart attack  
Do you like it, like it

Would you like a woman who is just a little mean  
Would you like a woman who is just a little naive  
Would you like a woman who is sensitive to your touch  
Would you like a woman who wants to tie you up

Would you like it in a car  
Would you like it in a bar  
Would you like it on the street  
Would you like it on your feet

Do you like it  
Do you like it like that  
Does it make you hot, baby  
Is it givin' you a heart attack  
Do you like it, like it

Would you like a woman who is like a work of art  
Would you like a woman who is gonna break your heart  
Would you like a woman sweet and shy and plain  
Would you like a woman you could never tame

Would you like it in your bed  
Would you like it in your head  
Would you like it in on the phone  
You must cause you're all alone

Do you like it  
Do you like it like that  
Does it make you hot, baby  
Is it givin' you a heart attack  
Do you like it, like it
