

Doro Pesch, Descent

One Illusion

It one for all wee gonna pay

Too much confusion

So much abuse can get away

It raining blood before my eyes

It getting dark, nowhere to hide

[Chorus]

One life One mind

Wee so blind no one sees

It a slow ride but a sure sign

Wee all soon history (mes amis)

Descent,

Descent

We hope that somewhere,

someone will stand up and fight

It all a big lie

The life we live is such a crime

It raining blood before my eyes

Glow in the dark, no place to hide

[Chorus]

One life and One mind

Wee all blind can you see

It a slow ride but a sure sign

Wee all soon history (mes amis)

Descent,

Descent

Is this the end?

Descent

This is the end

It raining blood . . .

[Chorus]

One life and One mind

Wee all blind can you see

It a slow ride but a sure sign

Wee all soon history (mes amis)

Descent,

Descent

Is this the end?
