## Doro Pesch, Do You Like It?

Would you like a woman who's been around the world Would you like a woman who is like a little girl Would you like a woman who is strong and tough Would you like a woman who could never ever get enough

Would you like it on a yacht Would you like in on the dock Would you like it in a plane Would you like it on a train

Do you like it Do you like it like that Does it make you hot, baby Is it givin' you a heart attack Do you like it, like it

Would you like a woman who is just a little mean Would you like a woman who is just a little naive Would you like a woman who is sensitive to your touch Would you like a woman who wants to tie you up

Would you like it in a car Would you like it in a bar Would you like it on the street Would you like it on your feet

Do you like it Do you like it like that Does it make you hot, baby Is it givin' you a heart attack Do you like it, like it

Would you like a woman who is like a work of art Would you like a woman who is gonna break your heart Would you like a woman sweet and shy and plain Would you like a woman you could never tame

Would you like it in your bed Would you like it in your head Would you like it in on the phone You must cause you're all alone

Do you like it Do you like it like that Does it make you hot, baby Is it givin' you a heart attack Do you like it, like it
