

# Doro Pesch, I Had Too Much To Dream

Last night your shadow  
Fell upon my lonely dream  
There's something in the air  
I knew it wasn't real  
The night was filled with love  
The way it used to be  
And then your hand reached out  
To comfort me

Came the dawn  
You were gone  
You were gone, gone, gone

## CHORUS

I had too much to dream last night  
Too much to dream  
I'm not ready to face the light  
I had too much to dream, last night

The room stood still  
Can feel the words you said  
And I still see your image  
Racin' through my head  
You touched my heart  
Could feel your tenderness  
You seemed so real  
Just when you held out your hand

Came the dawn  
You were gone, gone, gone

## CHORUS
