

Doro, True Metal Maniacs

Only true metal maniacs
Know how it feels
Only true metal maniacs
Know what's for real
Only true metal maniacs
Know what's the deal
Only true metal maniacs
Feel what they feel
You don't have to prove nothing
I know what's on your mind
We all just belong to one thing
We all are one tribe
You know that it's time
You know that's it right

Only true metal maniacs
Know how it feels
Only true metal maniacs
Know what's for real
Only true metal maniacs
Know what's the deal
Only true metal maniacs
Feel what they feel
I know you're my best friend
In mud and in pride
I hope this will last forever
Come rain or come shine
I know that it's right
I know it's our time

Only true metal maniacs
Know how it feels
Only true metal maniacs
Know what's for real
Only true metal maniacs
Know what's the deal
Only true metal maniacs
Feel what they feel
