

# DoubleDrive, Freightrain

It ain't right  
Feel like I just fell off a freight train  
A hundred miles from nowhere  
Face down on the desert floor  
Right about the time  
You need something to lean on  
Another cactus comes along  
It ain't there...

Hold me up 'cause I'm fading  
Withering like grapes on the vine  
Hold me up 'cause I'm fading  
The steeper grade, the uphill climb  
Hold me up 'cause I'm fading  
Hold me up 'cause I'm falling

I don't mind  
But I'm even wearing the wrong damn clothes today  
I lost my mind  
Is this town even here, you know  
I think I lost my...mind  
Travel down the tracks  
Wait for the train to come

Hold me up 'cause I'm fading  
Withering like grapes on the vine  
Hold me up 'cause I'm fading  
The steeper grade, the uphill climb  
Hold me up 'cause I'm fading  
Hold me up 'cause I'm falling
