

# Dover, Honest

Honest? I don't think you heard me  
It's not that you have to do it  
It's simply my commend

I know (you) have been very busy  
You don't have the right to do this  
You're stupid like all your friends

It's you and your goddamn cowboys  
You have been so annoying  
I'm cutting you off again

It's true! Just tried to ignore you  
But you look kinda slutty  
I bet that you think I care

Honest? I don't think you like me  
And I just don't like you either  
And maybe it's for the best

I know (you) have been very busy  
You don't have the right to do this  
You're bossy like all the rest

It's you and your goddamn cowboys  
You have been so annoying  
I'm cutting you off again

It's true! I tried to ignore you  
But you look kinda slutty  
I bet that you think I care

I bet you do! I bet you do!
