

# Doves, Ain't No Love (Ain't No Use)

Give me the one, give me the one, give me the one thing I'm asking for  
You lie and you cheat and you fall on your feet, you know I ain't gonna take no more  
I wish you could see in your heart to tell me, I wish you'd told me from the start  
And let it all out, get it all out, tell me what you want from me

Whenever I try to communicate, I see you looking for the door  
You find an excuse to be with your friends, you know you don't wanna stay at home  
Why can't you be good, like a real lover would, and be faithful to me, never deceiving  
And let it all out, get it all out, pour it all out yeah

If there ain't no love then there ain't no use  
Gotta walk on by, gotta walk on through  
If there ain't no love then there ain't no use  
Gotta walk on by, gotta walk on through

If there ain't no love then there ain't no use  
Gotta walk on by, gotta walk on through  
Ain't nothing in the world that you can do  
Cos if there ain't no love then there ain't no use

With or without, with or without, I'm moving on with or without you  
Cos I need someone, loving and strong, who does unto me as I do  
So if you're afraid then it's time to be brave, look me right in the eye, no put downs, no more lies  
And let it all out, get it all out, tell me how you feel baby

If there ain't no love then there ain't no use  
Gotta walk on by, gotta walk on through  
Ain't nothing in the world that you can do  
Cos if there ain't no love then there ain't no use
