

Doves, Black & White Town

Here comes the action
Here comes at last
Lord give me a reaction
Lord give me a chance

You should follow me down
In satellite towns
There's no colour and no sound
I've been ten feet underground

Got to get out of this satellite town

Here comes some action
First time in my life
I gotta get up to get compensation

I gotta get up to get this to life

You should follow your way down
In satellite towns
There's no colour and no sound
I've been ten feet underground

Black and White Town

You should follow me down
There's no colour and no sound
In the Black and White Town
I've been ten feet underground
In the Black and White Town
