Doves, Your Shadow Lay Across My Life

Back, I'm back in town In which we're stuck, I couldn't get out And that old man, will soon be us Now if we're too late Not if we can't escape

All of my time, you were on my mind And all of my thoughts, you're so hard to find

And your shadow, it lay across his life

Time, a time in the past We couldn't care less, wanted to live fast And our old house, I can't find 'Cause it ain't there 'Cause it ain't there, it's gone All of my time, you were on my mind And all of my love, you're so hard to find

And your shadow, it lay across my life, my life
