

# Down By Law, The King & I

candy coated promise  
and candy coated lies  
I don't know what you've been told  
but we've heard it a million times  
from day to day is how you're livin'  
blowing chances that you've been given  
jaded ears, jaded spoons  
feed us like we're little fools  
now we've got our chance  
I know the way it was  
and now the way it is  
you don't know what the fuck you're saying  
and we don't give a shit  
should you stay, or should you go . . .  
you ask yourself - who wants to know?  
This and that, get off my back  
go ahead and steal the show  
acting stupid, that's all you did  
now we're rolling and moving steps ahead  
jaded ears, jaded spoons  
feed us like we're little fools  
enough fake romance  
and now we're gonna draw the line  
we're sick of wasting all our time  
we won't change who we really are  
you've pushed us way too far
