

# Down in the Dumps, If Green Day Had The Guts.

I don't wanna work another day in the life,  
holding on to dreams that I know are lies I  
don't wanna fucking be a slave to the  
grind sometimes I wanna get up & leave.  
another day in parasite, sucking the life  
out of me. did you ever think buy, sell, &  
die & dream? no way man, that shit is not  
for me. do you ever think about about  
stupid things? paying rent, swimming in  
debt.
