

Downset, Pure Trauma

Go

I'm still there

I'm still there so you think you're familiar with me, well, I passed long before you looked in these eyes

I'm still there, pure trauma

Frame by frame pure trauma

I'm

Still

There

Reach right through me and I know you question my unsteady motion, wanted to lay myself to rest

Frame by frame pure trauma

I'm

Still

There

Pure trauma

I'm still there, pure trauma

Frame by frame pure trauma

I'm still there

I'm still there, pure trauma, I'm still there

I'm still there, pure trauma

Pure trauma
