

# Dr. Feelgood, Looking Back

(Watson)

As I was walking down the street  
A pretty girl did I meet  
She's looking all so sweet  
Got a major from her head to her feet

I was looking back to see  
If she was looking back to see  
If I was looking back at her

She glowed with such a beautiful smile  
She must have been a beautiful child  
Man she was all so neat  
A major from her head to her feet

I was looking back to see  
If she was looking back to see  
If I was looking back at her

- Guitar Solo -

Her hair was curly shining bright  
Her shoes in black were just delight  
She wore the very best of clothes  
And also black and nylon hose

I was looking back to see  
If she was looking back to see  
If I was looking back at her

As I was walking down the street  
A pretty girl did I meet  
She was looking all so sweet  
Got a major from her head to her feet

I was looking back  
She was looking back  
I was looking back at her

I was looking back to see  
If she was looking back to see  
If I was looking back at her
