

Dr. Feelgood, Sweet Sweet Lovin'

(peter staines)

Cold light dawning
Something ain't right
Funny kinda feelin'
Bad dream last night

Someone's got a voodoo doll
Stickin' needles into me
Temporary blindness
Means that I can't see

Sweet sweet lovin'
Sweet sweet lovin'
Gone sour on me

Seems like I'm in heaven
When I first closed my eyes
Don't care about the future
If I'll live or die

Put your arms around me
The kiss of death
Lyin' here in ecstasy
On a cold death bed

Sweet sweet lovin'
Sweet sweet lovin'
Gone sour on me

Sweet sweet lovin'
Sweet sweet lovin'

Gone sour on me

- guitar solo -

Toss and turn when the lights go out
More bad dreams since you walked out
I can't seem to face the future without you

Sweet sweet lovin'
Sweet sweet lovin'

Sweet sweet lovin'
Sweet sweet lovin'
Gone sour on me

Someone's got a voodoo doll
Stickin' needles into me
Temporary blindness
Means that I can't see

Sweet sweet lovin'
Sweet sweet lovin'
Gone sour on me

Sweet sweet lovin'
Sweet sweet lovin'
Gone sour on me

Sweet sweet lovin'
Sweet sweet lovin'

Gone sour on me
