Dr. Hook, I'll Kill You

Before you go, I already miss you so
Come here let me kiss you, change your mind
I Love you
Please don't leave me

If you try to walk away on them pretty legs
I would saw them off and pick you up and walk us home
Because I love you
But I'll kill you if you leave me

Now if you ever think of lying in another man's bed
I would break your neck and make you wish that you were dead
Because I love you
But I'll kill you if you leave me

Now I can't stand to see you looking at another man
I would punch your lights out then you'll see and understand
I love you
But I'll kill you if you leave me

I love you
I love you
[Oh Please don't kill me]
I love you
[Please don't kill me]
I love you
[Please don't kill me]......
