

# Dr. Sin, Living And Learning

I woke up this morning with tears in my eyes  
I just realized  
That nothing has changed, nothing at all  
I just don't understand  
Why so much hate  
So much pain  
It doesn't have to be this way  
So tell me now  
How far can we go  
I guess nobody knows but

I've been waiting every morning  
I've been waiting for the day  
When the real love will last forever  
To make this world a better place

Most of the times I feel mankind  
Pretending they're blind  
Who's been fooling who  
My oh my here comes the time  
To let your soul be free  
With a brand new song to sing

Living and learning  
The world keeps turning  
That's why we are here  
Nothing's gonna change what I believe

So my friend  
There's nothing wrong with crying  
When you're down and out  
Cause we're living to learn  
We're learning to live  
Keep searching you will find
