

# Dr Sin, Pain

Biding my time, in the  
Still of the night  
I'm wondering why  
Oh why I'm wasting my time ?  
I'm feeling so bad,  
Thinkin'of what we had  
I never really knew  
That I was losing you

Now I have no reason,  
No reason to smile  
I look in the mirror  
I can't find myself

Something is not right  
I've been losing my mind  
I've stucking inside the pain  
Up all night feel the  
Presure of life  
I don't think you'll understand  
I turn my head see an empty bed,  
Oh, I wish that you were here  
Everything has changed so much  
Since she left me alone,  
Now i'm on my onw

Day after day,  
I try to find a way  
Prayin'for the rain  
To wash away the pain  
So many times, how  
I've looked to the sky  
I couldn't see the lights  
Oh, Why was I so blind
