

# Dragonheart, Crusaders March

The misty fall down and  
We know for what we fight  
Our actions prove what we say is true

May our hearts be strong to defeat the lies  
May our hearts are pure to the fall of the night

We are united  
United for a dream  
We are united for the alliance  
We are here for the crusaders' march

We look beyond the mountains  
We fight beyond the seas  
Can our army are be strong to fight the enemy

We raise our hands to the wind  
And stand up for the crown and for the king

We are united  
United for a dream  
We are united for the alliance  
We are here for the crusaders' march
