

# Dragonheart, Hall Of The Dead Knights

[Lead vocals: Eduardo Marques]

Inside of this hall  
Secrets and dangers behind the walls  
Lighting the dark room  
The warriors' spirit hail the Crown

Hall of dead knights  
Twilight of your dreams hiding my sins  
Hall of dead knights  
Bringing the hymn to our army believe

Devastation of the horizons  
From the old graves from the ancient ages  
Bringing the life to our king to our journey begin

The death burying the death  
Into secret chamber  
The death burying the death  
Into secret chamber

Brave souls of the hall  
The resurrection of the king  
Don't let us fall...  
Brave souls of the hall  
The resurrection of the king  
Don't let us fall...

Remember my friend  
The souls don't turn back  
This is the last chance  
With the magic power brake the Death

Hall of dead knights  
Beyond your dreams carrying the hymns  
Hall of dead knights  
Storm of the Spells in the wind

Don't go against the lifetime  
You can't win the power of the gods  
But if you trust in your heart  
Just try if you want

[Solo (Marco Caporasso)]

The death burying the death  
Into secret chamber  
The death burying the death  
Into secret chamber

Brave souls of the hall  
You brought back our king  
We won't give up  
Brave souls of the hall  
You brought back our king  
We won't give up  
Don't let us fall...
