

Drama Escort, Slow Down Baby

I know this girl
She makes me talk in my sleep
She makes my heart go crazy
She's the kind of girl
You find in dreams
It's cool to know
It's okay to be lazy

Your room looks too bright tonight
Let's turn out all the lights tonight
I'm gonna light up your eyes tonight
We're gonna feel so alive
It's gonna be alright

Slow down baby
But keep your heart beat-beating faster.
