

DramaGods, So'k

So you're on a secret mission
It's not easy is it
Go on go in
Go on and tell me
How it all works out with no fear
No fear
Go straight don't stray
Cause it's so'k
Don't be afraid, you're here with me

So you've lost communication
It's going down again
It's just a case of misdirection
Crush it with no fear
No fear
Go straight don't stray
Cause it's so'k
Don't be afraid you're here with me
I'll be by your side
I'll never leave you behind

And when your place in time is getting old
I'll meet you there to say a quick hello
