

# Dream Evil, Dream Evil - 05 Let Me Out

Satan  
I promised you my soul  
Master  
I gave you full control  
Now I changed my mind  
I want to be free

Judas  
He had something to sell  
Still you  
Did send him straight to Hell  
You just made him burn  
Nothing in return

Why don't you listen to me  
Show me the door, give me the key  
Unchain my soul  
Please set me free

[CHORUS]  
(Let me out)  
Out of this prison  
(Scream and shout)  
Somebody listen to what I have to say, to free my mind  
(Let me out)  
I have a vision  
(Scream and shout)  
Impossible mission  
To clear my soul, let go  
And press rewind

Darkness  
And hate took over me  
I live  
My life in misery  
Sold my soul too cheap  
Please give it back

Find it  
Before it is too late  
Give me  
The key to my escape  
I am not the one  
Please let me go

Once more I'm being blessed  
My horrifying days have passed  
Now I am free  
To live my life

[CHORUS]

Now I'm back to where I started  
Fresh as one can be  
I am just as broken-hearted  
As the man I used to be  
Do I really want this weakness  
Do I really want this pain  
Want to live my life in success  
So I sold my soul again...

[CHORUS]
