

Dream Street, Let's Get Funky Tonight

Wanna rock you steady baby,
come on now lets go crazy,
you know the time is right,
so lets get funky tonight
Everybody's letting go now,
its time to start the show now,
get ready, hold on tight,
and lets get funky tonight.

Feel the temperature start to rise,
its electric and we get together,
see the love shinin' in you eyes,
i wish tonight, could last forever,
turn down the lights,
and feel the rhythm,
i'll give you everything,
i'll take you to heaven

Wanna rock you steady baby,
come on now lets go crazy,
you know the time is right,
so lets get funky tonight
Everybody's letting go now,
it's time to start the show now,
get ready, hold on tight,
and lets get funky tonight.

(Get funky)
(Get funky tonight)
(Get funky)

The time has come,
baby let's not wait,
cuz this feeling's gonna take you over,
we found each other so let's celebrate,
don't be afraid now,
move in closer

You turn me on,
my soul's on fire,
you are my everything,
my one desire

Wanna rock you steady baby,
come on now lets go crazy,
you know the time is right,
so lets get funky tonight
Everybody's letting go now,
its time to start the show now,
get ready, hold on tight,
and lets get funky tonight.

Make you wanna shout,
make you wanna scream
Gonna make it last,
gonna give you everything
Make your body sweat,
make you feel so right
Are you ready, steady baby?
Lets get funky tonight!

Wanna rock you steady baby,
come on now lets go crazy,
you know the time is right,
