

Dream Street, Second Star To The Right (Jesse)

Ready...here we go...

The Second Star

Dream your way to the stars in the sky
you and me, me and you on our way to the top
Spread your wings, we can fly to the stars in the sky
To the left to the moon is the star on the right
And I can meet you, I can meet you, I can meet you

The Second Star to the right
shines in the night for you
To tell you that the dreams you find
Really can come true
The Second star to the right
shines with a light that's rare
And if it's Neverland
It's light will lead you there

CHORUS:

twinkle twinkle little star
so i'll know where you are
gleaming in the sky above, lead me to the land I dream of
and when our journey is through
each time we say goodnight
we'll thank the little star that shines
Second from the right

The second star...ohh yeah
yeah....dream your way to the stars in the sky
you and me, me and you on our way to the top

CHORUS:

twinkle twinkle little star
so i'll know where you are
gleaming in the sky above, lead me to the land I dream of
and when our journey is through
each time we say goodnight
we'll thank the little star that shines
Second from the right

Second from the right
the second star
ohh yeah
the second star
oh oh yeahh
the second star
oooh ohhh ohhh ohhh
the second star
